SCHOOL & JOB HISTORY

- In the 1976: "Diploma di Perito Industriale Capotecnico", specialization "mechanical industries", with the score of 56/60.
- from 1980 to 1985: "Technician in Industrial Organization" at the Michelin Spa- Cuneo plant- Italy, where I've followed tasks of re-organization and production lines optimization.
- from 1985 to 1998: "Project Engineer", in charge of the R&D department at the Bottero Spa in Cuneo, a glass machinery producer,
- since 1998: independent consultant.
- In the 1995: "Diploma in Business Administration" at the SAA/University of Torino, with the score of 110/110 and lode.
- In the 1998: Master "Quality ISO 9000 in the small and medium Industry" at the SAA/University of Torino.
- In the 1999: course of 60 hours, held by QMS Italy, regarding the application of ISO 9000 in the technical consulting activity.
- In thirteen years I developed several disposals patented in Italy and in Europe (46 patents), regarding the automation technology applied to the glass shaping and handling. Just to give an idea, that's the list of the mechanisms I've studied, and of whom I'm inventor and co-inventor:

- | | |
|------------------------------|--------------------------|
| - electronic plunger | - electronic shear |
| - electronic gob distributor | - electronic valve block |
| - electronic pusher actuator | - pusher cylinder |
| - conveyor mech. | |

- I'm member of:

"Collegio dei Periti Industriali" of Cuneo.

"A.I.P.I.", Associazione Italiani Progettisti Industriali, based in Milano.
